

A clear story changes the *room*

Storytelling and presentation design
for important decisions

The decision shapes the story

**Who is
listening?**

**What must they
understand?**

**What should
happen next?**

Every presentation begins with its audience.

Clarity is a sequence

01

The context

02

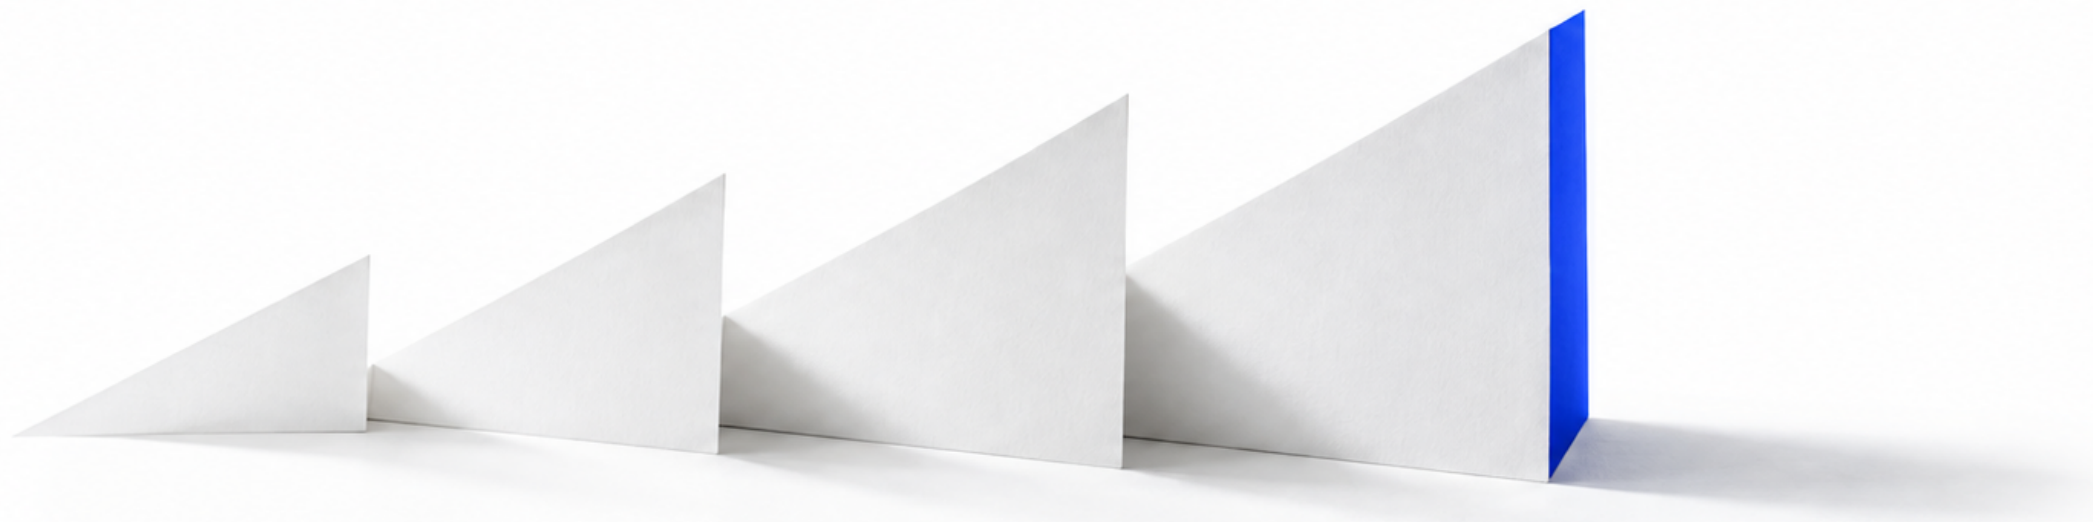

The opportunity

03

The evidence

04

The decision

We shape the argument before we design the slides.

A presentation for the *moment*

Investor narratives

A coherent case for the business

Sales and partnership decks

A proposal built around the buyer

Leadership presentations

A clear recommendation and its evidence

Agency collaboration

Discreet support under your brand

Care for the story.
Care for the information.

Sensitive work stays private.

We can begin under NDA.
We publish client work only with permission.

Tell us about the room

Share the audience, the decision and the deadline.
